**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by Kelliher et al. (USPN 5836924).

3. Kelliher et al. discloses a tube (42,46) with a lumen and an anchoring device (30) that is attached to said tube, and an elongated connector member (14) having a lumen extending from a first end of said elongated connector member to second end of said elongated connector member; wherein said elongated member being pivotally mounted to said housing and can be aligned with said tube. (Figure 4, 5, 7, 10, 11 and entire reference)

***Allowable Subject Matter***

4. Claims 9 and 10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
